

The Township of Maple Shade will be re-opening its doors to our residents beginning Monday July 13th. Please understand that we will be following strict guidelines as set forth by the CDC, Burlington County Board of Health Department and the Governor's Office. We ask for your patience, understanding and cooperation as we too navigate through this new way of serving our community.

WHAT YOU CAN EXPECT FROM US

CLEAN SPACE
Regular cleaning and disinfecting of the building

SOCIAL DISTANCING
Marking on the floor to allow for proper spacing

PROTECTIVE WEAR
Staff will be wearing masks when travelling through the halls

HAND SANITIZING STATIONS
Sanitizer has been installed throughout the building

NO ACCESS TO MEETING SPACE
We are sad we cannot continue to allow outside organizations to use the space, but it is only temporary!

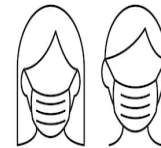

WHAT WE ASK OF YOU

BE PATIENT
We appreciate your patience while we work through these new guidelines

DO NOT CONGREGATE
We understand it is possible you may run into someone you haven't seen in awhile, but we ask you do not congregate in the hallways and keep all social conversations outside of the building

MASK UP!
Please put your mask on as soon as you enter the building. This request is asked to keep our staff & those in the building protected

MAKE AN APPOINTMENT
Although not required, an appointment with the office you need to conduct business with will ensure your matter is handled in a timely manner and without needing to remain in the building for extended periods of time
